

 **GENESIS**

PRODUCT CATALOG

Genesis was introduced in 2011 in Europe as a gaming gear brand, which covers mice, keyboards, headsets, controllers and more. GENESIS provides gaming accessories dedicated to gamers who are looking for high quality products at reasonable prices. In our offer you can find the complete solutions for gaming. Both the market and the needs of the users continue to develop. Genesis keeps up with the trends, developing the modern and innovative devices. The product range is extending and the brand is entering new markets. At the moment Genesis has official distribution channels in Europe and still looking for new all over the world.

GENESIS 10TH ANNIVERSARY REBRANDING

The Genesis brand was established in 2011 as a response to the growing needs of players. After 10 years in the gaming industry, we can boast about our global reach and a rapid increase in brand recognition in new areas.

From the very beginning, we provide accessories for players across all skill levels. Genesis means to become and continue to grow. Just as the universe is made of many parts and elements, so is Genesis, combining our products with the invaluable element in the form of players - the community.
